

Golden Apple Grant Application

Golden Apple grants are awarded by the PTO to parents and staff who seek funding for enrichment activities. There is generally a \$500 maximum per application, but exceptions are occasionally made when applicants have no other funding sources. Golden Apple grants are reviewed and awarded by the PTO Executive Committee. Priority will be given to those applications submitted by October 15. After this date, all other applications are reviewed on a "rolling basis," meaning they are considered for approval as they are received until the funds are all allocated.

Please answer the following questions as specifically as possible; have Kathy Morhous approve and initial the application and place a copy in the PTO box in the school office. Applications are reviewed as they are received and you will receive an answer within two weeks of application. Questions about the application should be directed to Wendy Burke (wendy.burke@mac.com or 585-5570).

▶ APPLICANT INFORMATION

Name(s) _____

Phone _____

E-mail _____

Applicant's purpose
